WHAT IS THE RANGE OF COMMISSION PAYABLE ON INVESTMENT OR INSURANCE PRODUCTS GUARDIAN FINANCIAL PLANNING RECOMMEND?

Investments Commission

The Upfront Commission we may receive with respect to investment products we recommend may vary between 0% and 10% on the amount invested. For example on a \$50,000 investment the commission would be between \$0 and \$5,000.

Ongoing Commission we receive may vary between 0% and 2% of the value of the investment and is usually part of the cost of the product. For example on a \$50,000 investment the Ongoing Commission would be between \$0 and \$1,000.

Adviser Service Fee is another form of ongoing commission for investments and is paid directly from the investments account balance to us. This can range from 0% to 4.0%. For example on a \$50,000 investment the Adviser Servicing Fee would be between \$0 and \$2,000.

Life and Disability insurance

For this type of product your adviser may receive payment in one of three ways - upfront, hybrid or level.

Upfront – your adviser may receive commission up to 140% of the first year's premium and 20% ongoing. For example, on an annual premium of \$1,000 your adviser may receive up to \$1,400 upfront and up to \$200 each year ongoing.

Hybrid – your adviser may receive commission up to 90% of the first year's premium and 40% ongoing. For example on an annual premium of \$1,000 your adviser may receive up to \$900 upfront and up to \$400 each year ongoing.

Level – your adviser may receive commission up to 40% of the first year's premium and 40% ongoing. For example on an annual premium of \$1,000 your adviser

may receive up to \$400 upfront and up to \$400 each year ongoing.

Share of Commission/Fees between Guardian Financial Planning and the Adviser

From the commissions/fees Guardian Financial Planning receive, it may pass between 96% and 100% of these monies through to the adviser. For example, if \$1,000 in commission is received by us. Guardian Financial Planning may pass on between \$960 and \$1,000 to the adviser. The actual Guardian Financial Planning/adviser share of the commission/fees will be outlined in the SOA.

Our financial arrangements with product providers

Guardian Financial Planning has arrangements with investment/superannuation managers of certain wrap platforms and master trusts whereby they pay a commission bonus based on the total volume of funds that clients of Guardian have invested/placed through their platform or trust over a relevant agreed period (usually 12 months).

The amount paid is calculated as a percentage of all funds invested for the relevant agreed period and is paid out of the relevant platform provider's own administration fees. The arrangement does not further increase the administration fee or management expense ratio (MER) amount that would otherwise be charged by the investment/superannuation company if this remuneration arrangement was not in place.

For example, the relevant investment/superannuation company will (subject to the relevant volume level being reached) pay us up to a maximum of 30% of the administration fee. For example, if the administration fee charged by the investment company to you were \$100 they would pay Guardian Financial Planning up to an extra \$30.

Guardian Financial Planning currently has commission bonus arrangements with the following investment/superannuation companies – Asgard, ING, Asteron, Skandia, Colonial First State, Macquarie.

Guardian Financial Planning may have arrangements with Life Insurance Companies where they pay a commission bonus based on the total growth of in-force premiums over a relevant agreed period (usually 12 months). The maximum that Guardian may receive from any of these arrangements is 6.6% of the growth of in-force premiums. For example, if the in-force premiums grew by \$50,000 over a specified 12 month

period then Guardian Financial Planning would be entitled to receive up to an extra 6.6% of this \$50,000 increase, which is \$3,300.

Guardian Financial Planning currently has arrangements with the following companies regarding Life Insurance – Tower, ING and Asteron.

The commission bonuses paid by investment/superannuation and life insurance companies are either

- Paid to Guardian Financial Planning which pools them and distributes yearly to participating advisers based on the number of year's service and/or the amount of revenue generated by the adviser. This is known as the adviser loyalty and production bonus. If your adviser participates in either the loyalty bonus and/or production bonus the way this is calculated will be outlined in their Adviser Profile.

or

- Paid to Guardian Financial Planning which passes them directly on to the adviser.

Alternative Forms of Remuneration Register

Any benefits provided by product providers such as entertainment (e.g. lunches, sporting events etc.) or Professional Partner Sponsors at Guardian Financial Planning conferences and Professional Development days received by Guardian Financial Planning or our Authorised Representatives are outlined in our Alternative Forms of Remuneration Register. This is in accordance with industry requirements as outlined in the Financial Planning Association Alternative Remuneration Code of Practice.
